The DCHS choirs had a busy year in 1970-71. In addition to four full evening choral concerts throughout the year, there were extra performances at the Castle Rock Christmas Star Lighting, a full concert in Parker by the DC Singers following their trip to the State Music Contest and a short program for the district's teachers and administrators at the DCEA spring banquet. For the first time in several years the choirs presented an assembly for all the students.

Four of the singers, representing all three choirs, were selected to participate in the All-State Honor Choir, held on the University of Denver campus. This choir of 150 high school "All-Stars" was made up of the top junior and senior vocal musicians from the entire state of Colorado.
