SPANISH CLUB has been very active this year. We have had several money making projects; a chile supper, an attic sale, several bakesales, and a sopapilla sale in order to make our trip to Chihuahua possible.

IN MEXICO, we expanded our knowledge of the Mexican people by making new friends with the residents. We saw the sights of the city and did shopping in the market. After an 18 hour bus ride, the members got to know each other very well. The trip was a fantastic experience and will bring back fond memories.
